

Lucía Belén

Program Manager Lead · Operations and process automation

Valencia, Spain · luciabelen.dev · linkedin.com/in/luciabelen

SUMMARY

Program Manager Lead with more than five years leading teams and coordinating operations in technology education and healthcare. I coordinate training programmes across Spain and Latin America and build the automations and tools my team needs myself, combining management, process and a technical profile as a Full Stack developer. English C2.

EXPERIENCE

Program Manager Lead · Spain and Latin America

4Geeks Academy · 2023 - Present · Remote · Reporting to the Academic Director

- Lead the team of Program Managers and Prework Advisors (up to 5 people) and coordinate courses, teachers and the student experience across two regions.
- Our team has overseen up to 500 active students in parallel across Full Stack, Data Science and AI Engineering programmes.
- Led the operational unification of Spain and Latin America: shared processes and workflows for two sites that worked with different criteria.
- Designed and implemented end-to-end automations for cohort creation, status changes, student follow-up and incidents, and for the Careers department, using n8n, Make, Zapier and GitHub Actions.
- Refined the process and automated notifications and reminders that cut the average time to issue a certificate by around 70%.
- Coordinate the availability and assignment of mentors and mentoring sessions (more than 4,600 in a year, with around 95% of those offered taking place) and manage their expenses.
- Co-developed an internal platform that mentors use to manage their students.
- Follow up with teachers and give them feedback based on student comments and class reviews: teachers and teaching assistants rated above 9 out of 10 for two years.

Head of Communication & Marketing

Casa de Galicia · 2020 - 2022 · Montevideo, Uruguay · Reported to Technical Management

- Led a multidisciplinary team of more than 20 people across Customer Service, Sales and Communication.
- Acted as the link between departments, the technical team and management for the CRM migration to a custom-built system and the upgrade of the medical management system.
- Coordinated the organisation's presence at more than 12 events and fairs a year with no assigned budget, securing resources through agreements and partnerships.
- Grew social media followers and engagement by more than 80% and the website conversion rate by 20%.
- Created and rolled out the organisation's corporate identity manual.

Earlier roles at Casa de Galicia

2008 - 2020 · Montevideo, Uruguay

Communication and social media (2018 - 2020). Administration, customer service and sales (2008 - 2018).
